Certainly, an individual may develop the warmest devotion to a place in which he was not born, and to a community with which he has no ancestral ties. Please try again later.

The other reason for the preservation of local culture is one which is also a reason which Eliot has at the least a strong prima facie case. It differs from the culture of the independent small nation in this respect, that in the latter it is usually only necessary for some classes to know another language; and in the independent small nation, those who need to know one foreign language are likely to need two or three: In his academic studies he specialised in philosophy and logic.
